

### **Health & Safety Exemption Requirement**

Southeastern Institute adheres to all requirements pertaining to the protection of student information. However, there are limited exceptions to FERPA regulations under which Southeastern Institute is permitted to disclose education records or personally identifiable, non-directory information from education records in connection with a health or safety emergency without student consent.

The situation must present imminent danger to a student, other students, or members of the school community in order to qualify as an exception. This action is not taken lightly and only under circumstances that present imminent danger.
