

SOUTHEASTERN INSTITUTE

Message from the Campus Vice President

2012 is going to be the best year ever for Southeastern Institute Nashville! Here are the upcoming events for early in the year. Our school founder, Dr Keiser will be visiting our campus on January 19. Dr. Keiser visits the campus each year and meets with students and faculty in what he likes to call "Coffee Chats". We will be doing things around campus in preparation for his visit. In fact, over the Christmas break we had the hallways and student lounge painted. We also have plans for offering continuing education courses for Massage Therapy, EMT, and Medical Coding professionals at our campus. We are arranging a twelve month massage therapy training session focused on Trigger Point Therapy. We have an information session tentatively set for January 27-28 and are shooting for a February 17-18 date for the start of the series. The Paramedic instructors are planning an extended skills class to allow EMT holders to upgrade their current license. This course is planning to begin January 20. Our Medical Coding and Billing instructor Sandra Miller-Davis recently completed an ICD-10 training workshop and we are preparing to offer workshops for our graduates and other professionals in the area. We will be starting our first "Bean Bags" tournament of the year in January. Congratulations to Craig Schultz and Clyde Jackson for being our last 2011 champions! Finally our next graduation ceremony will be held February 3. It will be the highlight of our Winter quarter when we get to celebrate the achievements of our graduates. Come join us as we leap into 2012!

Congratulations Graduates!

Alumni mark your calendars for these exciting upcoming events!

Alumni Night

(Distribution of Caps and Gowns)
Thursday, January 19, 2012
5:30PM - 7:00PM
Southeastern Institute Nashville Campus

Medical Assisting

Medical Assisting Students team up with the American Red Cross

The Medical Assisting students volunteered at the Southeastern Institute Nashville Campus Blood Drive on June 16th. Thank you to the Tennessee Valley Region American Red Cross staff, donors, and volunteers.

Dissecting Pigs in the Lab

Thank you to our students and donating sponsors for making this year's Medical Appreciation Day a memorial day.

Medical Billing and Coding

Southeastern Institute is offering more review sessions, mock certification tests and training for ICD-10 to our students and alumni. Our school is now offering two choices for certification - the certified billing and coding specialist exam (CBCS through the NHA) and the certified procedural coder exam (CPC through the AAPC).

Please contact Sandra Miller-Davis, Program Director at smdavis@southeasterninstitute.edu with your interest.

If you are interested in becoming an Externship site or Clinical Site for one of our Medical Programs, please call Jennifer Alexander, Student Services Director at 615-889-9388.

Paramedic

Paramedic Classes start soon. Enroll Now by calling 615-889-9388 to find out more.

Massage Therapy

News You Knead

Think of your massage therapist as a weapon in your winter wellness arsenal: *A Journal of Alternative and Complementary Medicine* study found that **massage may help reduce levels of cortisol, a stress hormone that can weaken your immune system and leave you more vulnerable to colds and flu.**

Massage Therapy students at Southeastern Institute Nashville Campus are here to help you reduce the stress by offering One Hour Full Body Massages on Fridays and Saturdays.
\$25.00 One Hour Massage.

Call 615-889-9388 to schedule your massage today!

(Hot Stone or Prenatal must be requested when scheduling the appointment)

Graduate Success Story

My name is Vonda Choate and I'm a graduate from Southeastern Institute of Massage Therapy. After losing my husband in a work related accident, I found the need to be more than a stay-at-home mom. Being interested in nutrition, natural healing and wanting to help people, I decided that massage therapy was a good choice for me.

I inquired with local schools that offer this course and Southeastern Institute was the first to make contact with me. They seemed genuinely interested in me as a person and my new needs.

The staff welcomed me and the instructors were amazing, helping me beyond what I would consider their duty. It gave me a chance to start a new life and a new future. Although I struggled with the loss of my husband, stress, a long drive to school and many emotions, everyone continued to encourage me. I also made many wonderful new friends that keep in contact.

It's been an experience I will never forget. I am forever grateful to Southeastern Institute and the entire staff and students. You became family to me. I now work for myself as an LMT in a chiropractor's office with the hope of touching lives and making a difference.
